

YMCA

2025 REPORT

A Year of Commitment
to Children and Young People

▶ WHO ARE WE?

YMCA is one of the most widespread international voluntary and non-profit organizations in the world, **with presence in 120 countries.**

The organisation traces its roots back to a youth-led movement in London in 1844, born out of a desire to protect and promote young people's rights.

In Spain, **YMCA began its work in 1980 in Madrid.** A year later, the Government of Spain declared YMCA an association of public interest.

OUR MISSION

Our aim is to **develop the potential of children and young people**, create an environment that supports their growth and promote social responsibility. We support them in their life journey so nothing limits what they can become.

▶ CORPORATE VOLUNTEERING

Corporate volunteering connects employees with different social realities. These experiences **contribute to companies' ESG sustainability goals** and, above all, **create opportunities** for children and young people in vulnerable situations. In 2025, **676 corporate volunteers** made a positive impact on **1,104 people**, demonstrating that getting involved broadens perspectives and helps build a better future.

BENEFITS OF VOLUNTEERING

-  Employee retention and talent attraction
-  Skills development
-  Boost in motivation
-  Reputation enhancement

EXAMPLES OF VOLUNTEERING

-  Leisure activities with children
-  Cultural visit with youth
-  Youth mentoring
-  Educational support with children

WILL YOU JOIN THE POSITIVE YMPACT?

Our work is made possible thanks
to partnerships that share our vision.
**With you, we can expand our impact
and reach more people in need.**

THANK YOU!
